Application to Use Asphalt Roofing Shingles

I /we agree to use _____ (brand) architectural grade asphalt composition shingles shakes that are 3 ply, 3/8" thick, life-time warranted in the following color _____. In the past Certaineed Presidential Series TL, life-time warranted roofing shingles have been used by Sun Peak owners.

As soon as the asphalt roofing shingles are delivered to the job site and no later than 48 hours before their installation, call the Sun Peak Design Committee (435-655-8365) and a member will inspect these materials before they are installed. This inspection is not optional; it is required.
