

SUN PEAK

Fuels Management Project

7/28/2024

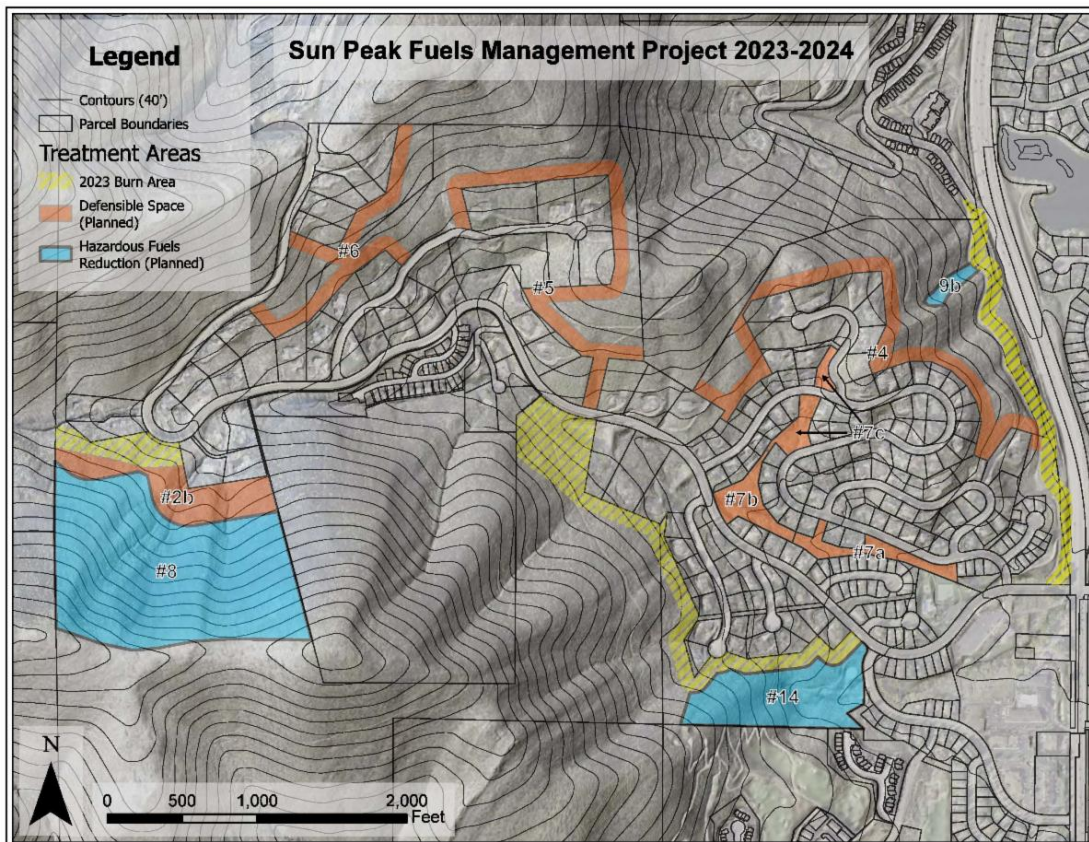

Dear Neighbors,

The fire mitigation crew is planning on working on Unit 7 Monday.

Unit 7 will be only dead removal with the exception of 1965 Mahre and 2089 Mahre who specifically asked for thinning of live vegetation. Some limited live vegetation may be cut to access dead material or where live branches are low lying and suppressed.

The trail will likely be closed for much of the day on Monday for public safety.

If you have any questions, please feel free to email the HOA.
